Diesel Pro Core Return Instructions

For customers shipping your injection pump, injectors, or turbocharger cores for return credit, please follow the instructions below:

NOTE: Please make sure your product is returned in the same box as was received. Please make sure product is placed in bagging or wrap so no liquid is able to leak out of the shipping box

Please ship to:

**Diesel Pro attn: CORE DEPT
99 Manchester Street
Glen Rock, PA 17327**

For a reference number on the label, please reference your order number or invoice number.

Customer is responsible for all shipping charges related to core return.

Thank you for your business,
Diesel Pro Staff

Core Policy:

All cores must be in re-buildable condition to receive a full refund of the core charge. There are some conditions which full credit will not be received. If one of the below conditions is present, discretion as to partial core credit is given to the manufacturer.

- Burnt
- Water Damage
- Broken
- Disassembled
- Missing parts and/or pieces
- Seized Rotary pumps

Fuel Injection Pumps Core Criteria

- Must be in takeout condition – No missing valves, solenoids, parts or pieces
- Connectors and plugs must be in good condition
- No fire damage units
- No previous dismantled units – all screws, nuts, seals, plugs etc. must be intact
- No body or housing damage
- Unit is required to spin freely
